MEMORANDUM FOR THE RECORD

SUBJECT: Revised Covert Action Operations Seminar

25X1A9a
25X1A9a
1. Attached is a second draft of a proposed new covert action seminar. The suggestion for such a seminar was developed in a meeting 6 February 1967 called by [REDACTED] and attended by senior CA officers of the divisions and officers of OTR. A first draft of a program for such a seminar has been discussed with [REDACTED] and some participants of the 6 February meeting. The current paper reflects their suggestions. In general, the emphasis of this course, designed for mid-career officers and others, both those new to CA assignments and those assuming new CA responsibilities will be on the integrated nature of CS operations but highlighting certain problems peculiar to CA.

2. Announcement of the proposed seminar will be made officially by OTR and by DDP/TRO soon. Such announcements will say that the seminar will be run 1 - 3 May 1967 and 26 - 28 June 1967. By this means, it is hoped that more persons will be able to attend and also that the course can be successfully tried out so that as good a program as possible may be added to the regular training schedules of OTR for 1967-1968.
